What is EverLog™ Siding?

EverLog™ Siding is worry-free concrete log siding.

EverLog™ Siding is the worry free and environmentally friendly solution to wood log siding. Made of composite materials our exterior logs offer the exact character, texture and warm appeal of quality wood logs. EverLog™ Siding also eliminates the costly maintenance, and susceptibility to fire, mold, insects and other problems commonly associated with wood log siding.

Features and Benefits

- ♦ *Worry Free*
- ♦ *Fire Resistant*
- ♦ *Resistant to insects and woodpeckers*
- ♦ *Resistant to mold and other decay*
